Presentation Date/Time: Wednesday, September 18, 2:05 PM – 2:10 PM
Presenter: Nadia K. Waheed, MD, MPH, Chief Medical Officer

24th EURETINA Congress (EURETINA 2024): September 19-22, Barcelona, Spain

- **Oral Presentation: *48-Week Safety and Efficacy Results from the Phase 1 HELIOS trial of Sustained-Release Axitinib Implant (OTX-TKI) for Non-Proliferative Diabetic Retinopathy***

Session: Results of Clinical Trials and Late Breaking Session (Session 6)

Presentation Date/Time: Friday, September 20, 12:35 PM – 12:40 PM

Presenter: Veeral S. Sheth, MD, MBA, FACS, FASRS

- **Audio Presentation: *US Phase 1 Clinical Trial of Sustained-Release Axitinib Hydrogel Implant (AXPAXLI) in Subjects with Neovascular Age-Related Macular Degeneration: 12-Month Safety and Efficacy Data***

Date/Time: Available on terminals throughout the meeting

Presenter: Jordan M. Graff, MD, FACS

About Ocular Therapeutix, Inc.

Ocular Therapeutix, Inc. is a biopharmaceutical company committed to improving vision in the real world through the development and commercialization of innovative therapies for retinal diseases and other eye conditions. AXPAXLI™ (axitinib intravitreal implant, also known as OTX-TKI), Ocular's product candidate for retinal disease, is based on its ELUTYX™ proprietary bioresorbable hydrogel-based formulation technology. AXPAXLI is currently in Phase 3 clinical trials for wet age-related macular degeneration (wet AMD).

Ocular's pipeline also leverages the ELUTYX technology in its commercial product DEXTENZA® , an FDA-approved corticosteroid for the treatment of ocular inflammation and pain following ophthalmic surgery and ocular itching associated with allergic conjunctivitis, and in its product candidate PAXTRAVA™ (travoprost intracameral implant or OTX-TIC), which has completed a Phase 2 clinical trial for the treatment of open-angle glaucoma or ocular hypertension.
